# Employee Happiness Awards (EHA)

The Most Authentic Platform to Gain Recognition for Happy Workplaces

In recent years, employee happiness has become a core focus for progressive and profitable organizations worldwide. Companies are taking radical steps to ensure employee well-being through measures like hybrid working models and extended paternal leaves.

## What is the Employee Happiness Awards?

The **Employee Happiness Awards** is a platform designed to recognize and celebrate organisations that genuinely prioritise employee well-being and happiness. By showcasing inspiring stories and people-first practices, the Awards aim to encourage companies to embrace more meaningful, human-centric approaches to the workplace.

Following the overwhelming success of three powerful editions in Dubai and one inaugural edition in Riyadh, where over 100 companies have been recognised for their commitment to workplace happiness, we're proud of the impact this platform continues to make.

With each year, the momentum only grows stronger. We're excited to venture into new horizons, build deeper connections within the corporate community, and see what more the future holds for employee happiness.

## Accreditation:

In recognition of the authenticity and transparency of our judging process, EHA is a proud recipient of the Awards Trust Mark by the Independent Awards Standard Council. This certification is a validation to our "Winners on Merit Only" ethos.
